Overdraft Fee	\$29 per item if the bank pays any of the following: <ul style="list-style-type: none"> A debit transaction - for example a ATM, check, ACH, or wire transaction - that overdraws your account. <p>We will charge your account no more than five per-item Overdraft fees on any business day. We will not charge any per-item Overdraft fees if your account is overdrawn \$30 or less after all credit and debit transactions are posted to your account following the close of the business day.</p>
Interest and Payment	
Earns Interest	Yes - This product has a variable interest rate. See the NB AZ Deposit Products Rate Sheet for details. ¹ Interest compounds daily and will be credited to your account monthly . If you close your account before interest is credited, you will not receive accrued interest. Interest begins to accrue no later than the business day we receive credit for the deposit of checks. See your Deposit Account Agreement for more information on how interest accrues.

1. **Variable interest rate:** Your interest rate and annual percentage yield (APY) may change at our discretion at any time without notice. The APY assumes that interest paid remains in the account. A withdrawal will reduce earnings. We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the collected balance in your account each day. See your Deposit Account Agreement for more information on how interest is calculated using the “daily balance method.”

Transaction Processing

Deposit and Withdrawal Posting Information

Transactions are posted chronologically throughout the business day, whether they are deposits (credits) or withdrawals (debits), in one of two ways:

- (1) In-branch transactions, digital banking transactions, ATM transactions, wires, and Point-of-Sale PIN-based debit card transactions are immediately posted to the Bank's processing system at the time they are conducted;
- (2) Point-of-Sale signature-based debit card transactions, Automated Clearing House (ACH) transactions, "federal in-clearing checks" (checks drawn on your account but deposited at another bank), remotely deposited checks, lockbox transactions, and transactions processed by a Division of Zions Bancorporation, N.A. other than the Division that holds your account) are first grouped into batches of like transactions then posted at regular intervals (usually hourly).

Both ways of Real Time Processing pause at an End-of-Day Cutoff Point but resume the following business day. Interest is calculated and balances are determined (including balances for statement purposes, the Available Balance, any Overdrafts, or Insufficient Funds), at the End-of-Day Cutoff Point.
